**Subject:** General Motors 2016 HD Diesel AECD Submission

Kim Sinacola has placed the 2016 HD Diesel AECD submission and sensor table for the following test groups/engine families into VERIFY under the AECD section:

GGMXD06.6354  
GGMXD06.6355  
GGMXD06.6364  
GGMXD06.6365  
GGMXH06.6590

The cover letter at the beginning of the file in VERIFY summarizes the changes that have occurred since the initial 2013 submission. For clarity, the following is a list of the specific changes made from last year's document to make it representative of 2016 (these are also included on the cover page):

1. Added page 64
2. Updated Figure 6 on page 240
3. Updated Figure 9 on page 243
4. Updated Figure 10 on page 244

Bob,  
Yes we would prefer to get it as early as possible. Also it helps if the updates to the document are highlighted or summarized. Let me know if you have any further questions.

**Subject:** Diesel Question

Steve,

CARB has asked GM to submit diesel AECD documentation prior to requesting an executive order due to the extensive length of the document (300 pages for heavy duty diesel). Does EPA need to see this document early as well?

Thanks

Bob Vito
